EdReady Instructions

Before getting started, you will need an email address. EdReady works best with browsers Google Chrome or Internet Explorer. Follow the steps below to get started.

1. Go to **wvc.edready.org** (**do not type www**).
2. Click "Get Started".
3. Enter login information, including an email address. An email will be sent to you shortly.
4. When the email arrives, click on the link provided. You will be sent back to wvc.edready.org in order to start the assessment.

Choose and take the appropriate assessment:

1. Enter the appropriate key:
   a. If you expect to place into any of the following math classes, enter the **key** "**placement_level1**" (without quotes):
      - Basic Mathematics (MATH 90)
      - Introduction to Technical Mathematics (MATH 92T)
      - Pre-Algebra (MATH 93)
      - Elementary Algebra (MATH 98)
      - Intermediate Algebra (MATH 99)
   b. If you expect to place into any of the following college-level math classes, enter the **key** "**placement_level2**" (without quotes):
      - Math in Society (MATH& 107)
      - Precalculus for Business (MATH 140)
      - Precalculus I (MATH& 141)
      - Precalculus II (MATH& 142)
      - Introduction to Statistics (MATH& 146)
      - Business Calculus (MATH& 148)
      - Calculus I (MATH& 151)
      - Math for Elementary Educators I (MATH& 171)
      - Finite Mathematics (MATH 200)
      - Symbolic Logic (PHIL& 120)
2. Take the assessment. Save your progress periodically. You can also stop and save your progress and come back to the material later.

After you have completed the assessment:

- **Are you ready to be placed?**
  Refer to the chart below to see where the EdReady assessment has placed you based on your initial score. Compare this placement with previous assessments you have taken and/or how well you did in the last math class you took to help decide the math level at which you will be most successful. **Before you can sign up for a math class, you will need to submit your score to the college.** If attending the Wenatchee campus, email a screenshot to placement@wvc.edu or drop off scores at the Educational Planning and Testing Center on the first floor of Wenatchi Hall. If attending the Omak campus, email a screenshot to omakplacement@wvc.edu or drop off scores at the Administration Office at 116 W Apple Ave in Omak.
- **Do you want to improve your score?**
  EdReady has tools for reviewing and re-learning topics you answered incorrectly on the assessment. If you decide to work through the EdReady material and improve your initial score, you will need to review your improved score with a math faculty before enrolling in a higher-level math class. Math faculty contacts: https://www.wvc.edu/academics/math/contacts.html

_____

	Test Level	Score Range	Placement
EdReady Math (scores valid for 3yrs)	Level One*	33-36	Take MATH 90 (or 92T for some technical programs). SDS 103 recommended.
		37-43	Take MATH 93 (or 92T for some technical programs). SDS 103 recommended.
		44-53	Take MATH 98 (or 100T for some technical programs). SDS 103 recommended.
		54 or higher	Take MATH 99 or take the Level Two test.
	Level Two*	49 or lower	Take the Level One test for placement.
		50-54	Take MATH 99.
		55-59	Take MATH 107, 140, 141, 146, 171, 200, or PHIL 120
		60 or higher	Take MATH 107, 140, 141, 142, 146, 148, 151, 171, 200, or PHIL 120

*EdReady placement is based on _initial_ score only; improved scores must be reviewed by a math faculty for placement.
