I chose to come to Wenatchee Valley College because...it is more than just a bunch of girls playing softball. We are a family. We play the game because we love every moment of it. It's all about tradition and pride.

My heroes are...my mom and dad.

- If I could only eat one thing for the rest of my life it would be...chicken fettuccini
- On game day I...listen to pump-up music and focus on what I need to do.
- When I grow up I want to be...a nurse.
- The most famous person I have ever seen or talked to is...Dave Matthews.
- You might be surprised to know...I am a very sarcastic person.
- The song that best describes my life is..."RollOn" by Kid Rock

Our season will be a success if...we play together as a **TEAM** and everyone knows their individual roles. If we all contribute our season will be a huge success.

"THE MEANING OF THE WORD KISS...KEEP IT SIMPLE STUPID."
