Hit .402 with 15 extra base hits as a  
Freshman at WVC

The best thing about playing at Wenatchee Valley College is...knowing that even though I am learning new softball skills, I am really learning things that will help me in life.

My hero is...Janice Rowbottom.

- If I could only eat one thing for the rest of my life it would be...grilled cheese sandwich.
- On game day I...listen to Linkin Park while I get dressed.
- When I grow up I want to be...a family lawyer.
- The most famous person I have ever seen or talked to is...Admiral Roughhead.
- You might be surprised to know...I am scared of the dark and I am in the Navy.
- My favorite sports memory is...diving into the back stop for a foul ball at Yakima last year.
- The song that best describes my life is..."The Impossible" by Joe Nichols.

Our season will be a success if...we continue to play for one another and accomplish our own team's goals, not the goals of others.
