The best thing about playing at Wenatchee Valley College is...the confidence you get in yourself, the trust you have in your team, playing with people all striving for the same goal, all the laughs we have and the memories we make.

My heroes are..my grandma Nelly and my mom.

- If I could only eat one thing for the rest of my life it would be...mashed potatoes, corn, hamburger and gravy all mixed together.
- On game day I...drink a Go Girl (pink) and eat a cliff bar.
- When I grow up I want to be...a P.E. teacher and a mom.
- The most famous person I have ever seen or talked to is...J.J. Harris, a rodeo clown.
- You might be surprised to know...I have shown cows for over nine years.
- My favorite sports memory is...the second time we played Blue Mountain last year and walking to the field. The feeling of our team was amazing.
- The song that best describes my life is..."She's Country" by Jason Aldea.

Our season will be a success if...we continue working as we have been and we have no regrets when it is over.

"SMILE ALWAYS. LAUGH OFTEN. LOVE FOREVER."
