WELCOME AND INTRODUCTION

This year will be full of opportunities for you at Wenatchee Valley College. Along with your classroom studies, a wide variety of activities are available to enhance your educational experience—from athletics to student clubs to special events. In addition, we have many student services to help you along the way including a tutoring center, computer labs and library resources.

We encourage you to explore your options at WVC, to get to know your teachers and fellow students and to learn as much as you can both inside and outside the classroom. Your success is important to us. Please feel free to ask questions on how we can help you reach your goals.

We look forward to seeing you on campus.

Dr. Jim Richardson

WVC President

You are embarking on a journey that has the potential to change your life. The impact of this journey comes not at the starting point, but at the finish line. If you finish, the benefits will be many. In between those two points is the hard work. This is your journey. We will partner with you to make this a meaningful experience. We will provide the support that will help you successfully achieve your goals, but the rewards will be directly proportional to your investment.

Best wishes on a successful year.

Dr. Chio Flores

WVC Vice President of Student Services and Enrollment Management

WVC is an open-door higher education institution. We accept all qualified individuals who are at least 18 years of age. Applicants who are under the age of 18 at the time of registration and who are not high school graduates or participating in the Running Start or Transitional Studies programs must complete the Underage Admission Policy process. Some programs have specific admissions procedures and limited space; therefore, admission to the college does not guarantee availability of all programs or courses. Students who previously attended WVC should update their Admissions Application. Application to WVC may be completed online at www.wvc.edu or by submitting a written application, available at the office of admissions and registration at either campus. After WVC receives your application, you will receive an acceptance letter from the college.

Residency

509.682.6801 (Wenatchee)

509.422.7801 (Omak)

A number of factors are used to determine residency. It is the student's responsibility to inform WVC about changes in residency. The Washington Residence Questionnaire is available at www.wvc.edu/directory/departments/admissions/residencyrequirements.asp. For further information, please call the Wenatchee campus at the 509.682.6806.

Financial Aid

509.682.6810 (Wenatchee)

509.422.7800 (Omak)

The WVC Financial Aid Office accepts applications from all students seeking financial assistance. Financial support for students should come from three sources: the student, the student's family and financial aid programs. The financial aid office is available to assist eligible students for specific college programs when their personal or family resources are not adequate to meet educational expenses.

WVC offers the following types of financial aid: grants, loans, scholarships and employment opportunities. For additional information on financial aid resources, check the college website at www.wvc.edu/financialaid.

To begin the financial aid application process:

- 1) If you will be a new student attending the college, apply for admission to WVC. Returning students should check with the admissions/registration office to make sure address and program of study information are still accurate.
- 2) Complete the Free Application for Federal Student Aid (FAFSA) online at www.fafsa.ed.gov/.
- 3) If required, submit additional documents as requested by the financial aid office.

For further information on eligibility requirements and deadlines contact the financial aid office.

Placement Testing Services

509.682.6830 (Wenatchee)

509.422.7803 (Omak)

Students are able to schedule an appointment for the placement test by calling the campus they will be attending. Students who have transcripts from a previous college or university may submit them to the admissions/registration office for evaluation for placement in English and math. Retakes are approved by the testing staff on a case-by-case basis and may cost an additional fee.

More information on the placement test can be found at www.wvc.edu/directory/departments/testing/placement.asp.

New Student Orientation

509.682.6800 (Wenatchee)

509.422.7800 (Omak)

Student orientation is offered both on campus and online to familiarize students with WVC programs and degrees, education and career planning, online tools, and the advising and registration process, as well as information on campus and community resources. To sign up, contact the campus you will be attending. Fall new student orientation is held the Friday before fall quarter starts. New students are highly encouraged to attend. WVC student ID cards are made available during orientation.

Advising and Educational Planning

509.682.6800 (Wenatchee)

509.422.7800 (Omak)

WVC assigns advisers to all degree-seeking students. Advisers provide assistance in education, career and life planning, and use a variety of tools and assessments to help students determine appropriate career and education plans, including quarterly class scheduling. However, the final responsibility for meeting all graduation requirements rests with the individual student.

Advising days occur once each quarter except for summer quarter. (Fall advising takes place at the end of spring quarter.) Students are encouraged to meet with their adviser during this time.

Registration

509.682.6806 (Wenatchee)

509.422.7800 (Omak)

Registration is the process of enrolling in classes each quarter. Detailed information and procedures for registration, as well as important dates and deadlines, are available online at www.wvc.edu/registration or in the admissions/registration office. After completing the advising process, students will obtain a quarterly registration number from their adviser that allows for online registration.

Pay Tuition and Fees

509.682.6500 (Wenatchee)

509.422.7800 (Omak)

Tuition may be paid at the cashier office by cash, check or credit card, or online at www.wvc.edu/pay. Students may also enroll in a payment plan that allows them to make payments over the quarter. Payment plan information can be found at www.wvc.edu/pay. Tuition and fees are due ten business days before the first day of each quarter.

Student ID Card

509.682.6860 (Wenatchee)

509.422.7890 (Omak)

Students at both campuses who are enrolled in six or more college-equivalent credits are eligible to receive a student photo identification card. The cards provide free admittance to WVC athletic events (Wenatchee campus) and discounts at ASWVC events. The cards are accepted as valid photo ID by campus offices for purposes of obtaining transcripts, financial aid or payroll checks, or check writing at the bookstore. To obtain a card, bring a copy of your current registration to the student programs office or student government office in Van Tassell Center on the Wenatchee campus. On the Omak campus visit the Omak student government office.

Transitional Studies Programs

High School 21+, Adult Basic Education, GED preparation and English language acquisition classes

These noncredit classes are offered on the Wenatchee and Omak campuses, and at the SkillSource office in Wenatchee. Day and evening classes are available. For those wishing to prepare for college or vocational programs, the classes will help students get the education and skills needed to go to the next level.

For more information about the classes nearest you, call WVC Transitional Studies at 509.682.6790 (Wenatchee) or 509.422.7958 (Omak). For information on registering for classes, visit www.wvc.edu/transition.

Instructional Support Services

Tutoring Center

509.682.6863 (Wenatchee)

509.422.7800 (Omak)

The goal of tutoring at Wenatchee Valley College is to provide supplemental instructional support. Tutoring services on the Wenatchee campus and on the Omak campus meet that goal by providing a dynamic, collaborative learning opportunity that enhances the educational experience at WVC.

Tutoring services are available free of charge during fall, winter, spring and summer quarters to all enrolled students on both campuses. The tutor center is located upstairs in the John A. Brown Library on the Wenatchee campus and in the Learning Support Center on the Omak campus.

Running Start Program

509.682.6855 (Wenatchee)

509.422.7848 (Omak)

Running Start allows high school juniors and seniors to enroll in high school and community college at the same time, earning credits that apply towards both high school graduation and college. If Running Start students choose to attend WVC full time both their junior and senior years, they may be able to graduate with a general two-year degree such as the associate of arts and sciences–DTA.

Home-schooled and private school students must enroll in a public high school to participate in this program. Running Start students qualify by taking the ACCUPLACER placement test and meeting with their high school counselor in addition to a WVC adviser. Running Start students pay quarterly fees to the college based on their course load and must pay for their

own textbooks; additionally, students may be charged tuition based on the number of credits they are enrolled in at their high school. Students may qualify for fee waivers and some textbook assistance by providing documentation (example: free or reduced lunch) to their Running Start adviser by the first day of the quarter, once per year.

Study Abroad

509.682.6830 (Wenatchee/Omak)

Do you want to see the world? Would you be interested in studying abroad? This is your chance! WVC has partnered with the Washington State Community College Consortium for Study Abroad (WCCCSA) to offer students an affordable study abroad opportunity. Students have the opportunity to travel to countries like England, Italy, Spain, Costa Rica, Germany, Ireland and more. The credits earned while studying abroad can also help you complete WVC degree requirements.

No foreign language knowledge is required to participate but some age restrictions do apply. For more information see www.wvc.edu/studyabroad.

Transcript Evaluations

509.682.6806 (Wenatchee)

The admissions office will review your transcript to evaluate how many classes you must take to graduate. To request an evaluation, complete the evaluation request form (Academic Program Evaluation or Vocational Program Evaluation) and return it to the admissions office. Grade Change

A change of grade must be executed within two quarters, excluding summer, after the grade is earned. Initiating a grade change is the student's responsibility. Instructors may choose to administratively withdraw a student who does not attend the first two days of class, but the responsibility of withdrawing still lies with the student. Do not assume an instructor will withdraw you for not attending class. When in doubt, check the student portal to determine if you are still registered for the class or contact the admissions/registration office. Failure to formally withdraw from class will normally result in a failing grade. You can withdraw through the Registration function on the MyWVC Portal. You can also submit a Course Change form, available in the admissions/registration office.

Audit

The "N" designation indicates that a student has elected to take a class with the understanding that no credit will be earned and no grade given. Students who choose to audit a class do not have to take the tests, but the instructor may require reasonable attendance and class participation. Full tuition and fees are charged for classes taken on an audit basis. Changes from credit to audit are permitted until the end of the 30th day of instruction. The instructor's written approval is required after the fifth day of instruction. You will need to turn a completed Drop/Add form, with the instructor's signature, into the admissions office to change a class to an audit status.

The Incomplete (I) Grade

The "I" designation indicates that a student has been granted extra time by the instructor to complete required course work. Terms of completion are specified in a contract signed by the student and instructor. It is the student's responsibility to initiate this contract. Contract forms are available in the admissions office. The maximum length of a contract is two quarters, excluding summer. An "I" grade is changed to an "F" if the terms of the contract are not met within the time specified.

Pass/No Pass

The "P" or "NP" designation may be given in developmental classes. A "C" grade or higher

earns a “pass”; anything lower earns a grade of “no pass.”

Grade Point Average (GPA)

The grade point average indicates the general achievement of a student. It is calculated by dividing the total number of grade points earned by the total number of credit hours completed.

Here’s an example:

Class #1	5 credits. Grade is an A (value of 4.0). Grade points=5x4=20
#2	4 credits. Grade is a B (value of 3.0). Grade points=4x3=12
#3	5 credits. Grade is a C (value of 2.0). Grade points=5x2=10

This gives you a total of 14 credits and 42 grade points. Therefore, your GPA would be: 42 grade points / 14 credits = 3.00

The calculation does not include courses in which the student received grades I, Z, N, Y, W, S or P.

Quarterly Grades

At the end of each quarter, grades are processed for each student enrolled for credit. Students may get their quarter grades and grades for the previous quarters from their student portal or at www.wvc.edu/ctc-docs/student/waci002.html

Repeating a Course

You may repeat any course. Only the credit and grade earned in the last attempt are calculated in your GPA, unless the course description in the WVC Catalog specifically states you can repeat the course for credit. Courses repeated for credit, however, do not normally count toward the completion of a degree or certificate. Repeated courses will be designated with an “R” next to the grade on the transcript.

This only applies to courses taken at WVC. Courses taken at other colleges cannot be used to repeat a class on your WVC transcript.

Students receiving financial aid or veterans benefits should consult the respective office prior to repeating a course as financial penalties may be imposed. This procedure has no effect on admission criteria and procedures established for selected program areas.

Setting Aside of Low Grades for GPA Calculations (as of Fall 2005)

This provision permits students to remove poor academic records that no longer reflect the students’ current academic performance. Only petitions to set aside all grades in a particular quarter will be considered. This option is not available for singular courses within a quarter. Grades that are set aside are not removed from the student’s transcript. Rather, an “*” notation is placed next to the grade which indicates that the course will no longer be used when calculating a new cumulative grade point average. Credits that are set aside cannot be used to fulfill any requirements for graduation. Please note that Federal Financial Aid regulations do not recognize grade “set asides.” Students may only petition for a set aside provision twice during their time at WVC. Students may petition to set aside a quarter which has at least one grade that is a “C-” or lower OR where the quarterly GPA is below 2.0.

Two consecutive quarters of full-time class work with a GPA of 2.0 or better is required as evidence of a student’s changed scholastic performance. Part-time students can qualify for low-grade removal by completing 30 consecutive college-level credits with at least a 2.0 GPA. At least two calendar years must pass before a grade(s) can be changed under this provision. Exceptions to these procedures can be made by petition to the Academic Regulations

Committee. Only grades earned at WVC can be set aside under this policy. Petition forms are available in the student services offices. Completed petition forms should be returned to the vice president of student services.

Caution: Although WVC makes provisions for setting aside past grades for the purposes of GPA calculation, do not assume that other colleges you transfer to will compute your GPA in the same manner. They may accept the credits and use the set aside grades for their calculations. WVC can only set aside grades earned at WVC. We cannot set aside grades from other colleges.

Note: Students planning to transfer to four-year institutions should be aware that many four-year institutions have strict policies on course repeats. We recommend checking with the transfer institution before repeating a class to determine course transferability.

In accordance with the Code of Conduct, any student who shall use, possess or sell any illicit drug, including marijuana, on college facilities or at college-related activities shall be subject to disciplinary action except when such use or possession is specifically prescribed (other than marijuana), as medication by authorized medical personnel. Employees or students engaging in such prohibited activities shall be subject to disciplinary action, pursuant to applicable rules, regulations and employment contracts, which may result in suspension or termination. For full set of rules, visit www.wvc.edu under policies and procedures. All students engaged in athletic or intramural activity shall upon conviction be immediately suspended from participation in college-sponsored athletic or intramural events.

STUDENT CODE OF CONDUCT

The Washington State Community and Technical College system developed a standard code of conduct. Refer to the WVC website for the most current version of the Code of Conduct. For more information, visit the WVC website, www.wvc.edu.

Rules of Conduct

Purpose

The student conduct code shall apply to student conduct that occurs on college premises, to conduct that occurs at or in connection with college sponsored activities, or to off-campus conduct that in the judgment of the college adversely affects the college or the pursuit of its objectives. Jurisdiction extends to, but is not limited to, locations in which students are engaged in official college activities including,

but not limited to, foreign or domestic travel, activities funded by the associated students, athletic events, training internships, cooperative and distance education, online education, practicums, supervised work experiences or any other college-sanctioned social or club activities. Students are responsible for their conduct from the time of application for admission through the actual receipt of a degree, even though conduct may occur before classes begin or after classes end, as well as during the academic year and during periods between terms of actual enrollment. These standards shall apply to a student's conduct even if the student withdraws from college while a disciplinary matter is pending. The college has sole discretion, on a case by case basis, to determine whether the student conduct code will be applied to conduct that occurs off-campus.

Wenatchee Valley College students are both citizens and members of the college community. As citizens, students shall enjoy the same freedoms that other citizens enjoy. As members of the college, they are subject to those responsibilities which accrue to them by virtue of this membership.

Admission to Wenatchee Valley College carries with it the expectation that students will conduct themselves as responsible members of the college community, that they will comply with established rules and regulations of the college, maintain high standards of honesty and integrity, and respect the rights, privileges and property of other members of the college community.

Wenatchee Community College expects that students will conform to the laws of the greater

society and regulations established to assure the orderly conduct of the affairs of the college.

The student is at once a member of the community at large and the college community. As such, the student is subject to the rights, responsibilities, laws and regulations of each community and accountable to both.

To accomplish these purposes, the college is governed by rules, regulations and procedures designed to safeguard its functions and protect the rights and freedoms of all members of the college community.

The following are examples of misconduct that is subject to disciplinary action. See the online WVC Student Code of Conduct for more details on other misconduct and the disciplinary process.

WVC NETWORK (WVCNET) ACCEPTABLE USE POLICY

Internet access for students and employees of WVC is provided through the state of Washington Community and Technical college network (CTCNet). In as much as this network is provided by the state for the purposes of education of students and business of the college, its use is restricted to activities that improve student learning, build overall system efficiencies, maximize accessibility of the Internet and eliminate inappropriate traffic over the interconnected networks. As such, the following Acceptable Use Policy from the State Board of Community and Technical Colleges-Information Technology (SBCTC-IT) is in effect:

1. Use of CTCNet shall be solely for the purpose of facilitating the exchange of information in furtherance of education and research, and otherwise be consistent with the purposes and objectives of the State of Washington Community and

- Technical Colleges and the State Board for Community and Technical Colleges.
2. CTCNet shall not be used to transmit any communication in any form (e.g. text, images, sound) where the content and/or meaning of the message or its transmission or distribution would violate any applicable law or regulation.
 3. CTCNet shall be used solely for business related activities carried out in a professional and ethical manner in the normal course of business and shall not be used for personal reasons to transmit any communication in any form.
 4. Users of CTCNet shall promote efficient use of the public networks to minimize, and avoid if possible, creating congestion within or upon the networks thereby interfering with the work of other users of the networks. Further, users of CTCNet services shall respect the rights and property of all others and shall not improperly access, misappropriate or misuse the information/files of other users.
 5. CTCNet shall not be used for commercial purposes. Advertising of commercial offerings is forbidden.
 6. When using CTCNet for accessing sources beyond the CTCNet itself, users shall apply the CTCNet Acceptable Use Policy while navigating through and making use of those networks.
 7. With advice/recommendations from the Internet Information Group (IIG) and the Standing Advisory Committee (SAC), the SBCTC-IT is responsible for the modification and distribution of this Acceptable Use Policy.
 8. Withdrawal of use privileges because of violations of this policy is the responsibility of the college or other agency which authorized that individual's use of CTCNet and could result in discipline and/or termination of employment.
 9. WVC is not responsible internally for use of the Internet by students and staff. Any violation by a WVC computer user of the above Acceptable Use Policy will result in the revoking of Internet connection privileges for that user and reporting of that violation to the appropriate dean or to the president of the college.
